

<p><b>Online Security</b></p>	<p>To ensure online safety for our students, we have created password protected grade level pages on our school website. This has been put into place to ensure only RISE students and families have access to these learning links. These passwords will be shared via Google Classroom on Monday, March 30th. Please do not share these passwords with anyone outside of the RISE Academy family.</p>
<p><b>Student Conduct</b></p> 	<p>Expectations apply to online learning as they would if students were on campus. Therefore, all students must always adhere to the <b>RISE Academy/Broward County Student Code of Conduct</b> on all virtual platforms, including but not limited to Class Dojo, Google Classroom and ZOOM. Teachers will refer to the Code of Conduct and report students to Administration, as needed. Additionally, teachers reserve the right to excuse them from ZOOM meetings for inappropriate behavior. Inappropriate technology infractions will be documented.</p>
<p><b>Classroom Etiquette</b> <b>Classroom Rules</b> <b>for Learning</b></p> 	<p>To ensure the best learning environment, we require students to adhere to the following when joining classroom sessions on ZOOM:</p> <ul style="list-style-type: none"> <li>• Wear appropriate clothing. (no pajamas or tank tops)</li> <li>• Choose a location with limited distractions in the background (no music or tv) as it could interrupt the learning of others.</li> <li>• Please - No eating or drinking while conducting online ZOOM sessions.</li> <li>• Click on to enable video. Show your face and be present during Zoom.</li> <li>• Check-in using the classroom “chat” button on the bottom of the Zoom screen. Type first and last name and answer any questions the teacher may pose, if applicable.</li> <li>• Watch ZOOM tutorials if needed for assistance. This will insure a smooth instructional session for student and teacher.</li> </ul>
<p><b>Instructional Delivery</b></p> 	<p>K-1st teachers will be providing lessons and instructions for assignments via Google Classroom and 2nd -8th teachers will utilize Google Classroom for mode of instruction. Your child will be receiving an invite to their teacher’s Google Classroom in the form of a Google Code. We will also post the google classroom code on the password protected grade level pages on our school website. All lessons and assignments are aligned with grade level standards to continue the high expectations we hold for our students. Assignments may include readings, writing assignments, solving problems, educational videos, use of websites, etc. All ESE and ESOL assistance will continue. <b>All students will be graded for their completion of work and grades will still count for the remainder of this school year.</b></p>

<p><b>Parent/Guardian Information</b></p> 	<p>Designated ZOOM hours are not setup for parent conferences. Please continue to communicate with your child’s teacher via email or communication platform you have used previously throughout the school year for those purposes. Scheduled Zoom hours may be used for questions related to the posted lessons or assignments. If needed, the teacher can set up a separate time with you and your student, if more assistance is needed.</p>
<p><b>Mandatory Zoom/Classroom Hours</b></p> 	<p>Teachers will be conducting ZOOM hours with the students in the morning and afternoon. ALL students are required to check-in during the scheduled ZOOM hours: Teachers will send schedules home to their students.</p> <p style="text-align: center;">*****</p> <p>If for some reason, your child cannot ZOOM with their teacher during the assigned time, please contact your child’s teacher. Student attendance will be taken daily based on their communication with their teacher and will be documented. The school will contact you if your child has not checked in with their teacher or has not completed assignments as it will be counted as an absence. Teachers may schedule designated/additional hours and post them in Google Classroom. These hours may be set up for additional assistance or for designated “fun” with their classmates coordinated by the teacher.</p>
<p><b>Important Information</b></p> 	<p>Monday, March 30th digital learning begins for all RISE Academy Students. They will be expected to participate and complete assignments via our digital learning platform and various websites.</p> <p>The FSA, EOC, and all other standardized testing has been cancelled by the FLDOE for this school year. Frequently check our online communication platforms for updates (School website, Facebook).</p> <p>Please do not hesitate to email your child’s classroom teacher directly, if you have any concerns about the assignments.</p> <p>Teacher emails: <a href="#">Posted on website</a>          Adriana Guerra, Principal: <a href="mailto:aguerra@riseacademyschools.com">aguerra@riseacademyschools.com</a>          Admin Questions: <a href="mailto:info@riseacademyschools.com">info@riseacademyschools.com</a>          Tech Support: <a href="mailto:technology@riseacademyschools.com">technology@riseacademyschools.com</a>          Visit our website for continuous updates: <a href="http://www.riseacademyschools.com">www.riseacademyschools.com</a></p>
